How to Find Me in My New Building

## 2750 S Wadsworth BLVD, Suite 200- 3.

After arriving on Yale, you will want to turn into **either the first or second entrance to Bear Valley West**. It is located behind the La-Z-Boy Furniture Gallery.

Either entrance will take you to a parking lot where you can access my office located in the **C Building**. If you park in the East parking lot-- there isn't signage for C Building. **It is the second set of buildings.**

Once you make it to the breezeway/corridor, you may choose to take the **stairs centrally located or the elevator (located on the D side of the building)**.

Upon arriving to the second floor-- you may choose to **enter through either door that serves suites C 200-207**. If you find yourself getting lost, look for the potted plants with **copper pots** to guide you to my office.

At the end of the hallway, you will see the C200 placard. Enter the waiting room for the suites and **go to the door at the far left corner**.

Look for the welcome mat and my sign. **Knock twice softly. Take a seat and relax.** I will be with you shortly!
